

Supplement 1. Questionnaire

※ Please mark √ on the relevant items.

Who answered the questionnaire?

(1) Mother () (2) Father () (3) Other ()

※ Please check below for problems related to premature infants.

Please mark √ in the box containing your greatest concerns about the infant. Please mark only one item.

(1)	Respiratory system	Respiratory distress syndrome, bronchopulmonary dysplasia, pneumothorax, congenital pneumonia, apnea
(2)	Cardiovascular system	Patent ductus arteriosus, hypotension, bradycardia
(3)	Hematologic system	Anemia, thrombocytopenia, hemorrhagic tendency
(4)	Gastrointestinal system	Gastrointestinal dysfunction, necrotizing enterocolitis, hyperbilirubinemia, spontaneous gastrointestinal tract perforation
(5)	Metabolic endocrine system	Hypocalcemia, hypoglycemia, hyperglycemia, late metabolic acidosis, hypothermia, thyroid problems
(6)	Central nervous system	Intraventricular hemorrhage, periventricular leukomalacia, convulsions, retinopathy of prematurity, hearing impairment, hypotonia
(7)	Renal system	Hyponatremia, hypernatremia, hyperkalemia, renal tubular nephropathy, edema
(8)	Infections	Congenital, prenatal and postnatal, pathogenicity: bacteria, viruses, fungi, protozoa

1. Before birth of the premature baby?

(1) Respiratory system (2) Cardiovascular (3) Hematologic system (4) Gastrointestinal (5) Metabolic endocrine system
(6) Central nervous system (7) Renal system (8) Infections

2. Immediately after birth of the premature baby?

(1) (2) (3) (4) (5) (6) (7) (8)

3. On the seventh day after birth of the premature baby?

(1) (2) (3) (4) (5) (6) (7) (8)

4. Before hospital discharge of the premature baby?

(1) (2) (3) (4) (5) (6) (7) (8)

5. During the first week after hospital discharge of the premature baby?

(1) (2) (3) (4) (5) (6) (7) (8)
